Enhance Your Atmosphere

Style your home with scent

Scent is the first thing people notice when they enter your home or business. Now you can style your home ambience with your favorite aroma oils using the most advanced scent technology. The AroSlim will forever change the way you use scent in your home or business.

With the AroSlim, you can create and control an exquisite scent experience adjusted perfectly to match the size and conditions of a room. You can also change the scent depending on your mood, occasions and time of day.

The AroSlim houses cold-air nebulization technology to provide the most pure and scented environment. Our nebulization technology preserves the integrity of our premium aroma oils creating a unique and memorable experience.

Cold-air, nebulization is an easy, heat free way to diffuse Aromatica360's aroma oil blends. Aromatica360 diffusers elevate your ambience and home decor with wonderful aromas to suit your everyday lifestyle and special occasions. Aromatica360 truly creates a unique and inviting ambience in your home or business.

Features

- Revolutionary Nebulizing technology
- Bluetooth Connectivity
- App control
- Uniform and consistent scent day after day
- Constructed from recycled aluminum
- Adjustable scent intensity
- Whisper-quiet operation
- No water
- No heat
- No residue

PRODUCT NAME	AROSLIM
COVERAGE	UP TO 1,000 SQ.FT
CONNECTIVITY	BLUETOOTH
OIL CAPACITY	120ML/4.5OZ MAX
REFILL	AS DESIRED
DIMENSIONS	3.4"W X 12"H
WEIGHT	3LBS
INPUT VOLTAGE	110-240V AC
OUTPUT VOLTAGE	12V DC

Technology

Each of our fragrance nebulizers uses patented cold-air nebulizing technology to release nanoparticles into the air that leave behind no residue. This technology preserves the integrity of our aroma oils to deliver pristine, evenly distributed scent without using heat or diluting the oils in water or alcohol.

Using only Aromatica360 aroma oil blends will guarantee the best performance of your diffuser. There is no need to mix or dilute with water, carrier oils or alcohol. Our scents are produced to be used in the diffuser without alteration. Simply fill the bottle with your favorite Aromatica360 aroma oils and set the intensity.

Power Adaptor

Quick start

1. Ensure AroSlim is plugged in and turned off.
2. Press down the top of the diffuser and pull up, exposing plastic bottle.
3. Unscrew bottle and fill desired amount of Aromatica360 aroma oil, not higher than MAX fill level.
4. Screw bottle back onto top.
5. Align notches with air nozzle.
6. Push the lid down until you hear a click. Lid is then inserted correctly.
7. Press power button to turn on AroSlim.
8. Use intensity buttons and set to desired intensity level.
9. Enjoy your Aromatica360 scenting experience!

Where to Place

LOCATION

The AroSlim is designed to be placed on a table-top, counter top or a shelf. Do not place device on finely finished surface areas.

SCENTING COVERAGE

The AroSlim can be adjusted to scent an area ranging from 10 to 1,000 sq.ft (1 to 100sq.m)

DEVICE LOCATION

An important element of your scenting experience is to properly position the device in the room to ensure optimal performance.

Choose the location where the aroma oil molecules can use the natural airflow in a room. This is particularly important with air-conditioned spaces. The best location for the AroSlim is where there is good airflow.

Do not place the AroSlim near an HVAC return grill, exhaust, fan, or vent. Setting near open windows will cause the scent to escape the space. Work with the natural airflow of the space.

Try a variety of locations and settings until you are happy with scent coverage. Give the AroSlim a little time to adjust to the new location and setting before changing it again

Setting Scent Intensity

Once the Aromatica360 aroma oil is placed in the device, basic operation is simply adjusting the scent level to match the room size, ambience or occasion. Simply turn the machine on using the intensity buttons. Starting at level 1, after a few minutes, you will experience the scent spreading around your space. If needed, adjust accordingly. Once you have chosen the right setting, you should only have to adjust slightly with different aroma oils.

Keep nose clear from the scent output when the device is operating. Instead, waft air towards nose to experience the full aroma oil scent.

When changing the scent level, give the AroSlim some time to equalize the scent level throughout the space before you decide if you need to adjust.

Aromatica360 user profiles:

Low intensity- level 1-3 / 2hrs of operation per day

Medium intensity- level 4-6 / 4 hrs of operation per day

High intensity- level 7-9 / 8-10 hrs of operation day

Intensity grade and consumption

GRADE	RUN TIME (SEC)	PAUSE TIME (SEC)	OIL CONSUMPTION (ML/HR)
1	5	240	0.03
2	10	220	0.08
3	15	200	0.13
4	15	180	0.18
5	20	160	0.23
6	20	120	0.28
7	25	100	0.33
8	25	80	0.38
9	25	60	0.44

*The above consumption data may vary depending on the different aroma oil

Please note that while the device is running the nebulization process, the intensity cycles turn on and off to ensure powerful scent coverage. The on/off cycle compared to a steady stream of scent allows the occupants of the space to notice the scent.

Cleaning your diffuser

Our AromaMini BT, aroma oils and diffuser cleaner is a system designed to work together to provide an elevated scenting experience. In order to keep the diffuser functioning at its best, make sure to clean it every time you refill the bottle with a new scent. The nebulizer inside the diffuser can become clogged so we only recommend using our specialized aroma oils. Other oils may have thick, heavy base oils that could result in the diffuser malfunctioning. Using non Aromatica360 oils in your device will void the warranty.

1. Ensure AroSlim is turned off.
2. Press down the top of the diffuser and pull up, exposing plastic bottle.
3. Unscrew bottle and fill 1/4 full bottle with Diffuser Cleaner or Isopropyl (rubbing) Alcohol.
4. Screw plastic bottle on to the top.
5. Swirl around to remove residue from bottle and outside of intake tube.
6. Align notch with air nozzle.
6. Push down to until you hear a click. Lid is then correctly inserted.
7. Turn on AroSlim and set to #9 intensity level and leave on 5-10 minutes to clean thoroughly.
8. Turn AroSlim off and remove diffuser cleaner and fill with your next aroma oil.

WARNINGS

- Only use the power adapter supplied with the device.
- Never operate the diffuser if the power adapter is damaged.
- Do not use the diffuser if any part of the device is broken.
- NEVER attempt to service, disassemble, or repair the device in anyway, other than cleaning and refilling the Aroma oil bottle.
- When moving the device always keep it upright, do not tilt and carry securely with both hands.
- Always place unit on a stable, level surface and ensure it is over 2' away from the ceiling.
- NEVER dilute oils with water or carrier oils.
- NEVER pour water in or on the device and never operate with wet hands.
- Do not cover the device with objects or material while in use.
- Ensure power adapter is never blocked when plugged in.
- Keep nose clear from the scent output at the top of the diffuser when the device is operating.
- ALWAYS keep out of reach of small children and pets.
- Store at room temperature 68-75 F (20-23 C), 30-35% Humidity
